Brine	0	barrels	0	barrels		
Other	22.5	gallons	0	barrels		

Description of Other Released Contaminant:

Saltwater

Inspected:

Written Report Received:

Clean Up Concluded:

Risk Evaluation:

None

Areal Extent:

N/A

Potential Environmental Impacts:

None

Action Taken or Planned:

The Keene fire department was called. They came to location at 1:19pm. The McKenzie county sheriff also showed up at that time. They stayed on site for about a half hour and then left. The smoldering tank was out at that point. Arrow was notified at 1:23 pm that they needed to shut the pipeline off. They sent someone down immediately to shut it down. All of the fluids (a total of 1 barrel made up of oil and saltwater) was contained in the pit liner. The fluid was cleaned up by a vacuum truck and put back in the tank. In the future, the two effected fiberglass tanks will be dismantle and disposed of.

Wastes Disposal Location: The recovered fluids were placed back in the tanks. A final determination regarding disposal of the fiberglass tanks has not been made.

Agencies Involved: Local Fire Department, Local Law Enforcement
